VOLUME III, No. 34

Wednesday, June 17, 1981

Straining against the current of the surging water, Kathy Allin of Alberta grimaces as she steers her kayak through the course Saturday at the Canadian White Water Championships. Kathy's efforts were not in vain as she was chosen as one of four competitors who will represent Canada in K1W national team. For more pictures and details of the white water weekend, see page 5.

24% tax increase in Snowdon - township portion up 71%

Taxes in Snowdon township will be increasing an average of 24% during 1981. The new tax levy was set at the May 13 meeting of the council.

While the over-all increase is 24%, taxes collected for municipal services will be up 71%. The large increase in taxes for municipal purposes is a result of a number of factors, according to township clerk Geoff Wynne. He noted the following items have contributed to the dramatic increase:

- the township experienced a deficit in the construction of the Peacock bridge during last year. To cover the deficit the municipality was forced to spend a \$7,000 reserve fund which had been earmarked for road improvements as well as carry an additional \$2663 deficit forward to this year's budget.

- as a result of the drain on the reserve fund, the municipal council has set aside \$5,000 from this year's budget to re-establish the reserve.

- in 1979 the municipality experienced a surplus at the end of the year. Those funds, some \$4750, were carried forward to 1980, reducing the tax burden for that year. Wynne noted the surplus and reduced taxes of last year had returned to haunt the council this year when they found themselves in a completely opposite position.

- the clerk noted that increases have been experienced in almost all

departments of the township. For example: salary and wages for the township, including the council, have increased \$5,000 to \$28,236; family and social services, including welfare, has increased \$5,000 to \$9,500; the road budget is up \$2195; bank interest and other charges have also increased from \$3815 to \$5850; the township office has also acquired a new photo copier at a cost of \$3200.

Wynne pointed out that inflation had taken its toll on a number of municipal departments.

As in other townships in the county, the levy for education and county purposes has also increased this year. The board of education will be taking \$111,000 from Snowdon taxpayers this year compared with \$99,270 last year. The 1981 county levy is \$20,800 compared with \$19,071 in 1980. The municipality's budget is \$63,549.

The total amount being collected in real estate taxes this year is \$195,585.

The clerk noted that figures prepared by his office indicate that up to 1980 the municipality's share of the tax pie has decreased in Snowdon Township. He pointed out that in 1975 the township claimed \$30.70 of every \$100 collected in taxes while in 1980 its share was only \$23.72. In the same period the county's share dropped from \$13.90 to \$12.31 while the board of

education increased its share from \$55.40 to \$63.97.

The following is a breakdown of the mill rates for 1981 in Snowdon Township. The figures in the brackets indicate last year's amounts:

For township purposes: residential 365 mills (214); commercial 429 mills (251).

For county purposes: residential 120 mills (111); commercial 141 mills (130).

For education purposes: residential 638 mills (577); commercial 751 mills (679).

Total Snowdon mill rate: residential 1123 mills (902); commercial 1321 mills (1060).

Stanhope taxes increase 7%

While Stanhope Township residents will note an increase in their 1981 taxes, the higher rates will not be due to the municipal council. Tax increases in the township will be the result of increased demands for education and county purposes.

These factors were brought to light Wednesday when the Stanhope Township council endorsed the municipality's tax by-law for 1981.

Commercial ratepayers in the township will be paying an additional 48 mills while residential taxes have increased 40.8 mills. These rates represent an increase of approximately 7%.

Stanhope clerk Gerald Bain pointed out that the municipality was fortunate to have a surplus in 1980. These excess funds, when applied against the 1981 budget helped to eliminate the usual tax increases. Also included in

the reduced rates were an increase in provincial grants to the township and the addition of close to \$20,000 in new assessment to assist in the sharing of the tax burden.

Bain noted that the township had carried a \$38,000 deficit into the 1980 tax year. He pointed out that covering the deficit had the effect of inflating the taxes in 1980, since that deficit has now been cleared away, and in fact the township has a surplus of funds, the tax bite, from the municipality at least, can be relaxed for this year.

While the municipal taxes have decreased this year the amount being spent will increase as a result of the factors indicated above. The budget for the township has been pegged at \$225,000 compared with \$211,300 budgeted in 1980 and the actual expenditure of, \$189,700 in that year.

The following are the mill rates for Stanhope Township with last year's amounts indicated by the brackets.

For school purposes: residential 359.5 (324.4) an increase of 35.1 mills or 10.8%; commercial 422.9

(more on page 2)

Supervisor appointed

Hyland Crest Home for the aged in Minden has a new nursing supervisor.

Linda Wood was appointed to the post following a meeting of the home's board of management last Thursday night. The position has been vacant since the board suspended Phyllis Kennedy from the post last month. In that time Linda Wood had been acting supervisor. The decision to fire Kennedy was taken June 2.

Chairman of the board, Lutterworth Reeve Ron Gambell, confirmed the appointment of Wood earlier this week, noting that she was a Registered Nurse who had been on staff at the home for the past seven years.

The vacancy had been posted on the home's bulletin board.

The Minden Kinsmen Club selected a new executive Saturday evening at a special gathering at Wig-A-Mog Inn. Leading the local service club for the coming year will be, from the left, seated, Doug Ripley, registrar, Rob Young, past president, Larry McKnight treasurer, standing, Steve Crowe director, Brian Hamilton president, Jerry Walker vice-president, Bill Kulas secretary and Dave Stevens director. Also on the executive are Ed. Elias and Paul Travers, both directors.

FROM THE CHAMBER

By Bob Stinson

Haliburton Highlands
THE HIGHEST OF MOUNTAIN SCENERIES

Back in September of 1963 the Haliburton Highlands Chamber of Commerce saw the need to employ a full time manager to handle its affairs. Although the rewards were small there were 22 applicants for the position from both near and far.

Norm Craig was selected from that group by the executive and the decision was unanimously approved by the board. Norm had earlier retired from a successful Funeral Home business in Toronto and at that time, along with his wife Doris owned what is now the Fireside Restaurant. He had already devoted much volunteer effort towards the Chamber and at least one of his accomplishments is with us today, and will live on, we are sure as a tribute to his faith in the Highlands. That is the beautiful Haliburton Highlands tartan which is featured on our brochures, used for kilts for the Legion band, neckerchiefs for the scouts, and by choice for many items of clothing by residents.

Norm was forced to retire seven years later due to ill health but much of the success and credibility that this Chamber has today is certainly due to the dedicated efforts of Norm Craig during that time.

On June 5 he passed away, at Peterborough Civic Hospital. He will be remembered fondly by many here in the Highlands who knew and loved him when he had his health and enthusiasm. Our sincere sympathy goes out to Doris and the family and Norm, may you forever rest in peace.

New and different

The Highlands Cinema has been operating for some time but for those of you who have not visited this interesting facility, and for those who may have done so earlier in its development and haven't seen the finished product it's well worth a drive to Kinmount for a quiet evening at the movies.

The Highlands Cinema is the product of a lot of drive and enthusiasm that has been directed by Keith Stata into a personal dream. The theatre occupies a portion of his home at the north end of town but is a wing that was built specifically for this purpose. It is small, with a capacity of only 70 people, but certainly not cramped, as the seats are further apart than in most theatres and it features top quality sound and projection equipment. Keith, of course, does not expect to make a living out of this tiny theatre, but he does hope to gain enough to make it worthwhile continuing with the operation of what we feel is a unique attraction for our area. For a list of coming films

pick up a program at the Chamber, or one of the local stores that carry them, and enjoy the show.

In Minden Ron Gambell proudly announced that he has acquired a Chrysler dealership for his new garage just over the bridge. Minden has been lacking a new car dealer for as long as we can remember and we wish Ron success with this new service and facility.

Just north of Minden on Highway 35 at Mountain Lake is Sun Valley. Joyce and Tony Penick bade their farewells last week and we were pleased to be there to welcome Eevi and Veikko Sinikivi, their son Tony, daughter Aila and son-in-law Steve who have just purchased the property. Veikko tells us that his immediate plans call for modernizing the restaurant and the building of a swimming pool and sauna to compliment the cabins. He is also looking forward to developing some groomed and marked cross country ski trails on the treed and rolling acreage. We wish them well.

We mentioned earlier that the Old Country House licenced dining room was now open in Haliburton but we felt we must repeat that since we have now had an opportunity to view the beautiful craftsmanship that has been utilized inside and met the very gracious owner and hostess Uta Carl who will see the patrons are well fed and happy.

Another new eating place is Bernie's Place in West Guilford. Bernie Nichols who is becoming quite a celebrity since signing to play N.H.L. hockey with the L.A. Kings is the owner, and he will be leaving the responsibilities of the operation to his mom and dad and younger brother (who is also quite a hockey player) while he goes off to fight the hockey wars next winter. In the meantime, they are gathering pictures and memorabilia relative to some of the hockey greats past and present from our area to adorn some of the walls and Bernie expects to add considerably to the collection once he is in residence in L.A. Sounds like a great place for all hockey enthusiasts to get together and have a good snack or feast.

On Lake Kashagawigamog the Bonnie View Inn has been purchased by Gary Garnett and his wife Mavis. They come originally from St. Johns, New Brunswick, but since he became a bank manager Gary has lived in many parts of the country. The Inn will continue as a fully licenced hotel, restaurant and tavern but they are planning to put far more emphasis on providing good accommodation than in the past. Please welcome them.

A tour boat is on its way to Haliburton, owned and operated by Doug Russell of Muskoka Boat Tours. Doug

will be hiring his operators locally and the boat will operate from the Government Dock on Head Lake and take trips regularly down through Lake Kashagawigamog. It holds 20 passengers and is capable of getting through the narrows when the water level is low. This is an attraction

that the area has certainly been lacking and we heartily say hurrah for Doug Russell and we hope you will support the project.

Brendan Berube is establishing a new service in our community under the name of Lands and Forests Service. He will handle traditional jobs such as cottage maintenance, surveillance and snow removal but also is qualified to provide consulting services in regard to tree and forest management on environmental concerns. For more information give him a call at 286-3184.

It has been pointed out that our policy of welcoming new members of the business community should be extended to one of also welcoming new members into the Chamber who were already here and in business. We are therefore pleased to begin that practice with a welcome to Dr. Peter J. Bennett, veterinarian and the owner/operator of the Minden Animal Clinic.

How about you - have you considered a Chamber membership? We'd be glad to have you.

New rates for toll free line

After monitoring the new toll free line service that the Chamber introduced in March a new rate structure has been ratified by the Board of Directors that should make the idea more attractive to those that may not get heavy or frequent use of the line.

The "Inwats Subscribers", in this scheme, are able to advertise the Chamber's toll free number of 1-800-461-7677 as though it were their own. Response from

anywhere in Ontario is toll free to our Chamber office and the call is then forwarded directly through to the subscriber by use of an SM-1 switchboard. Those using the service find that the response to their advertising increases dramatically when they offer this toll free service and the cost is saved in lower cost per inquiry that results.

Subscribers are now accepted for a minimum period of 6 months at a rate of \$25.00 per month plus \$1.25 per call received. Those signing up for 12 or more months who pay the base rate in advance receive a \$25.00 discount. A maximum of 15 subscribers are to be accepted on the service. For more information call the Chamber office at 286-1760 and ask about the Inwats service.

Stanhope taxes

(from page 1)

mills (381.7), an increase of 41.2 mills or 10.8%.

For county purposes: residential 66.2 mills (59.6) an increase of 6.6 mills or 11.1%; commercial 77.9 mills (70.1), an increase of 7.8 mills or 11.1%.

For township purposes: residential 189.8 mills (190.7) a decrease of 0.9 mills; commercial 223.3 (224.3) a decrease of one mill.

Total tax to be collected: residential, 615.5 mills (574.4) an increase of 40.8 mills or 7%; commercial 742.1 mills (676.1) representing a 48 mill increase or 7% boost.

The new mill rate means that for each \$500 of assessment the municipality will collect \$307.75 from residential taxpayers and \$362.05 from commercial assessment. This compares with \$338.05 and \$362.05 respectively in 1980.

Father's Day Specials

Give Dad a gift from John Deere and he'll feel "special" all year

8- and 11-hp Lawn Tractors

Handle your mowing and bagging chores in one simple operation with a 108 or 111 Lawn Tractor; the 8-hp 108 has a 30-inch mower; the 11-hp 111, a 38-inch mower. Both have 5-speed shift on-the-go transmission, color-coded controls, padded seat. Optional 4-bushel rear bagger.

Deluxe 21-inch Mowers

John Deere 21-inch deluxe mowers come in three models — push type, self-propelled, and electric start, self-propelled. Push type has 3½ hp engine, self-propelled have 4-hp engines and rear-wheel gear drive. Optional 2½ bushel rear bagger.

Nylon-Line Trimmers

Nylon-line trimmers cut grass and weeds from under fences, around posts and buildings... reach areas most conventional trimmers can't. Choose from electric and gasoline powered models. One is just right for all your trimming needs.

Cordless Shears and Trimmers

Keep shrubs neat, grass trimmed with John Deere Shears and Trimmers. Three trimmers. 3-in. shears. Rechargeable battery.

Lawn and Garden Tools

Wide selection to choose from. Rakes, hoes, shovels, trowels, transplanters, pruners and loppers. See us soon.

A new executive was selected for the Minden Kinette Club Saturday evening. The group will serve a one year term. Among those leading the service organization this year are, from the left, Dale Walker vice-president, Marg Prentice past president and Zone C co-ordinator for Kinettes, Mabel Deacon director, Sue Ripley director, Jean Stevens director, Yvonne Nye registrar and Norma Amyotte, president. Also serving on the executive will be Bev Elias secretary and Linda Pentney.

These students got a jump on holidays

It is examination time at Haliburton Highlands High School and students are bent over desks attempting to squeeze every bit of knowledge they can from their pens.

There are a few students, however, whose summer vacation began early. They are the ones who, having done exceptionally well during the entire school year, were granted an exemption from writing the final set of

examinations.

These are the students who made an extra effort during the year and earned their reward in an early start on the summer vacation. The following students are included among those who are exempt from all final examinations:

9A: Lori Dunham, Lisa Jones, Rob MacLeod, Mike Parish, Warren Perry, Shona Ross and Tracey Wilson.
9B: Dawn Elliott, Mary-

Anne Madill, Lisa Malott, Colin Newell, Kathy Shipley, Cathy Woods, and Karen Wright.

9C: Tara Davies, Angela Gough, Kathy Walsh, Scott Yake.

9D: Lora Irvine, Kelly McGuire.

9H: Paul Penick, Dale Ripley.

10A: Chris Hartin, Susan Milne, Jessica Powell, Jennifer Stitt, Jennie Woods.

10B: Brian Donaher, Karen Gillespie, Michele Levesque, Jalna Stromberg.

10C: Sheila Barnes, Mark Blackburn, Sean Finlay, Craig Mintz, Kristen Storey, Steve Tripp.

10D: Esther Cooper, Cathy Howe, Lori Pockett, Karen Stewart.

10E: Debbie Ingram.

11A: Shelly Bull, Gregg Feltham, Chris Lodenquai, Jackie Miller, Kathy Mosgrove, Mike Pearsell, Nancy Shipley, Cathy Tyler, Jamie Wooden, Dawn Wright.

11B: Craig Budgen, Terry Crowe, Duff Mitchell, Mike Pearson.

11C: Tammy Burroughs, Lyle Donaldson, Karen Franke, Bill Mulholland.

11D: Ann Everall, Eileen Henderson.

12A: Ron Yake.

12B: Shane Blakey, Laurie Harrison.

12C: Marilyn Arsenault, Karen Croft, Lisa Dunham, Lee Finlay, Suzanne Penney.

12D: Bret Austen, Rick Choy, Cathy Darby, Brenda Phillips, Brent Stromberg.

12E: Janine Austin, Rick Beene, Casey Cox, Karen Hughey, Philip Mackie, Corrine Neville, Laurie Sawyer, Steven Stewart.

13A: Cheri Bruce, Will Packard.

Perfect attendance for 29 students

The following Haliburton Highlands Secondary School students have completed the 1980-81 school year with a perfect attendance record.

9A: Barbara Adams, Lisa Jones, Robert MacLeod and Shona Ross.

9B: Kim Brown, Colin Newell, Kathy Shipley, Karen Wright.

9C: Warna Blakey, Dale Brownson.

9D: Rose Daigle, Steven Stata.

9E: Janelle Robinson

10A: Dana Colliver, Chris Hartin, Karen Smith, Stephen Smith.

10B: Nancy Bagg

10C: Kristine Storey, Paul Upton.

10E: Mary Ann Daigle

11A: Greg McKay, Mike Pearsell, Nancy Shipley, Cathy Tyler, Jeff Whitfield.

11B: Jeff Foran, Robert Heywood, Wendy Sicard, Wayne Welch.

11C: Bill Mulholland

11D: Julie Heayn, Merreit McNeil.

11E: Wayne Beaver, Eric Nicholls.

12B: Shane Blakey

12C: Colin Robinson

13A: Leslie Booth, Mike Wright.

Editorial

A brighter future

Minden's Business Improvement Area (BIA) board of directors have taken another important step along the road to the revitalization of the community's core. Appearing before the June 10 meeting of Anson, Hindon and Minden Township council, BIA chairman Gord Monk sought and received approval for the commissioning of a study of the downtown area by outside experts. The cost of the report is to be shared equally by the merchants of the BIA through a special levy.

The study represents an important step for a number of reasons. It will lay the groundwork for future redevelopment of the core, giving township council and the BIA a perspective on what should be done, the priority of the projects, how much it will cost and where and when to begin.

An overview of the area has been lacking in the past and this has only added to the confusion of merchants and councillors alike. While some in the business community favoured improved lighting, others thought sidewalk improvements should be first while still others wanted to proceed with the decorative touches. These are all excellent suggestions, however, it is important to ensure the improvements flow in the proper order so that the work of one project does not disrupt or undo the gains accomplished by others.

One of the most encouraging aspects of the study is that it will be carried out by experts from outside the community. Outsiders bring with them a fresh perspective that has been untainted by personal considerations. These people will see our community as first time visitors do with all its glaring faults and shortcomings showing through. These blemishes, often overlooked by those closest to them because they see them every day, are what visitors base their first (and most important) impressions of Minden on.

The individuals carrying out the project are also experts in architecture. They have perhaps participated in downtown redevelopment schemes in the past. Even if they haven't, their training should have given them a storehouse of suggestions on how best to make the community's core a more attractive place to shop.

The BIA has come a long way since its tenuous beginnings over a year ago. The future of the community's core is looking brighter with each step the merchants' organization takes. We applaud their efforts.

Coming up

Friday June 19 & 26 - Rummage sale at St. Paul's Anglican Church upstairs, 1 p.m.

Tuesday June 23 - Annual Seniors Dinner, 70 years and over. Call Hyland Crest by June 18 for details.

Help for farmers

by John Eakins, MPP

For some time my colleagues and I at Queen's Park have been urging the government to assist farmers suffering under the heavy burden of high interest rates. I am now pleased to be able to report that the Provincial Treasurer has announced that the government will introduce a program within the next two weeks to help farmers who are faced with a rising number of bankruptcies. No details were given, but he told the Legislature that the province could afford to spend \$50 million to \$100 million to help Ontario farmers.

Other matters

Both Opposition Parties attempted to force an emergency debate on the new gasoline tax, but the motion was defeated by the Conservatives. Stuart Smith charged that the Government will make much greater windfall profits than originally anticipated out of its "sneaky, insidious" ad valorem tax.

The Government is to prepare a standard offer-to-purchase form to protect homebuyers. However, the form won't be mandatory and the Government won't move to protect homebuyers from sudden increases in mortgage

rates. The new form will be designed to replace often misleading "fine print" clauses in some home purchase agreements which end up costing some homebuyers far higher interest on mortgage payments than they believed would be the case.

Opposition Members called upon the Minister of Consumer and Commercial Relations to design a short form which would lay out mortgage conditions and any possible loopholes. Stuart Smith said offers to purchase,

which people sign when they want to buy a home "should be in plain English, should be logical, obvious and readable." Such offers should be "as binding on one side as upon the other, unless it is clearly stated in the same size type that the interest figure is not binding upon the vendor."

Angry Opposition MPPs forced a temporary adjournment of the Legislature when only five Conservatives out of 70 bothered to attend for the

NDP Leader's response to the provincial budget.

New drivers will be on two years' probation before

getting permanent licences. If they accumulate six demerit points in a one year period, they will lose their licences for thirty days.

Under new legislation, Ontario workers laid off in plant shutdowns will receive a

week's severance pay for every year of service. Employees

with five years service will apparently be eligible for severance pay up to a half year's salary. The legislation

will apply only to companies with fifty or more employees.

outdoors

by Ron Reid
Federation of Ontario
Naturalists

This is the time of year when my phone brings strange calls about the edibility of cattail roots or water lily leaves. But with the surge of interest in the edible wild, the dangers associated with some of the more common wild plants have also increased.

Beth Adams, writing in the *Conservationist*, notes that many wild plants are poisonous in some parts or under some conditions. The raw roots of skunk cabbage, for example, cause severe burning of the mouth and throat, but if they are wellcooked with several changes of water, an edible stew can result. The related jack-in-the-pulpit has the same properties, with its wellcooked version known as Indian turnip.

Poisonous fruits and berries can be particularly dangerous, since they often tempt those unfamiliar with wild plants. The berries of the blue cohosh, which resemble plump blueberries, are toxic enough to give a severe stomachache to a child. Baneberries, which come in both red and white versions, can produce cramps, dizziness, headache, and even circulatory failure after eating as few as six berries.

Most berries are safe, especially when fully ripe. But the common elderberry, which makes such mouth-watering pies when ripe, is poisonous when the berries are still green. Similarly, the fruit of the may-apple is poisonous when unripe, but edible when fully matured. The roots of the may-apple are so poisonous that they were used by Indians as a method of honourable suicide.

For most of us, the gourmet delights of nature don't go much beyond the mouth-watering ecstasy of wild raspberry jam. If you are more adventurous, a healthy dose of caution, and one of the several excellent guides to edible wild plants, are all you need. But keep in mind the needs of the ecosystem too.

Pick wild plants for eating only where they are abundant, and always leave a healthy colony to produce future crops. With care and restraint, exploring the edible wild can add to your appreciation of the diversity and beauty of nature.

Opinion

I am introducing, today, (June 5) an amendment to the Education Act (1974) which, if accepted by the government, will abolish the strap from all provincial schools once and for all. This amendment will be debated in the Legislature during private member's hour.

Coercion and physical force have no place in the educational life of our children. It is hard to believe that the values of a free and democratic society can be secured and strengthened by means of physical punishment, even when used as a

"last resort".

On the contrary, the opposite is true. The guiding ethic of the educational process must be aimed at creating in the schoolrooms of the province an atmosphere where work, achievement, effort and self-worth are recognised and valued.

Mounds of excellent research studies have pointed to this principle. Teachers have accepted this principle. Most parents, particularly those with children in the system, are against the use of the strap. The only people

who opt for the retention of the status quo, and hence for the beating up of children, are the Board of Trustees.

The depressing decisions these Boards have been making in the last two months, clearly show that the enactment of this amendment is most urgent.

Child abuse in our schools must end. I urge the Tories to use their newly acquired power constructively, for once at least, and adopt this legislation.

(From Tony Grande, NDP-MPP, Oakwood.)

Spectators lined the shores of the Horseshoe rapids Saturday and Sunday to watch Canada's top paddlers battle the surging currents as they competed for a spot on this nation's canoe and kayak teams.

The long-awaited event drew participants from all provinces west of Quebec and was the major white water undertaking of the year at the new wild water preserve north of Minden. It was a perfect weekend for the events with ideal summer weather and few insect pests to bother those on shore.

The competition, in a number of classes, concluded Sunday afternoon when those chosen to be members of the national team coasted down the river in a by-pass that quickly turned into an opportunity for the champions to flaunt their talents. Kayakers were made to stand on end at the base of the main waterfall, paddlers rolled and bobbed through the spray, oblivious now of the gates hanging overhead.

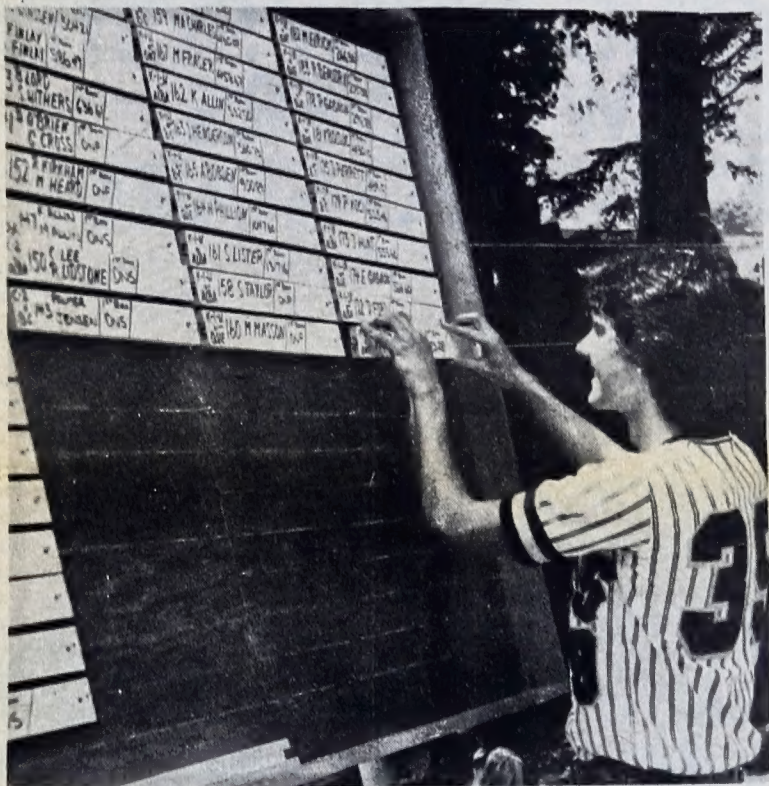

The following individuals were selected as members of Canada's national team as a result of the competitions this past weekend:

K1 men: Don Irvine of British Columbia, Robin Lang of Ontario, Kelly Cairns of British Columbia, Jeff McColl of Ontario and substitutes Steve King of Quebec and Al Crane of British Columbia.

K1 women: Morna Fraser of Ontario, Janice Henderson, Pat Basham both of B.C. and Kathy Allin of Alberta.

C1 men: Daniel Balthazard of Quebec, James McColl of Ontario, Don Cohen of B.C., Pat Vicars also of B.C. Substitutes will be Dave Coles of B.C. and Mike Allin of Alberta.

C2 men: Withers and Lord of Alberta, Hetherington and Davidson of B.C., O'Brien and O'Brien of Alberta and Finlay and Finlay of Alberta.

Tasty food, good company and lively music was the order of the evening Saturday as the Minden Agricultural Society held their annual beef barbeque at the local arena. An excellent crowd was on hand to taste the delicious roasts, seen on the left slowly turning on the spit. Members of the society were kept busy filling plates once the meat was ready to be served. Music and dancing followed the meal.

Pair arrested in cottage thefts

Over the past two weeks, a rash of thefts have occurred on several Haliburton County lakes and police report they arrested the culprits last Thursday.

Two sixteen-year olds, Larry Peter Miscio of Minden and Paul Bradley Penick, formerly of Minden, now of Bracebridge, have been charged with six counts of theft under \$200, three of theft over \$200 and one count of possession of stolen property.

The stolen items, four flags, two outboard motors, a boat and a canoe have been recovered, except for one of the flags. They were stolen from Boshkung, Little Boshkung, 12 Mile and Mountain lakes.

Constables Al Bibby and Bob Pearson were the investigating officers in the cases.

Newcastle collision

A two-car collision on Highway 35 at Newcastle Street last Saturday afternoon caused \$5000 damage to a 1981 Oldsmobile and \$1000 damage to a 1977 Pontiac.

Harvey Copeman, 32, of Toronto was driving north on the highway when he collided with Mark Richardson, 21, of Toronto who was turning onto the highway from the side street.

Copeman and his passenger, Elaine Copeman, received minor injuries.

Richardson was charged

with failing to yield the right of way.

The incident was investigated by Constable Boyd Jarvis.

Cars rifled

In two separate incidents last Monday, two cars were broken into and the contents stolen.

Larry Everitt of Kennis Lake reported his parked car broken into and his CB radio worth \$175 stolen.

On the same day, Bert Horton of Stouffville reported his car, parked at Esson Lake Landing, was also broken into by someone cutting a hole in his convertible top.

A tape deck, speakers, tapes and tools valued at \$600 were stolen.

Both incidents were investigated by Constable Jim Solway.

Collision

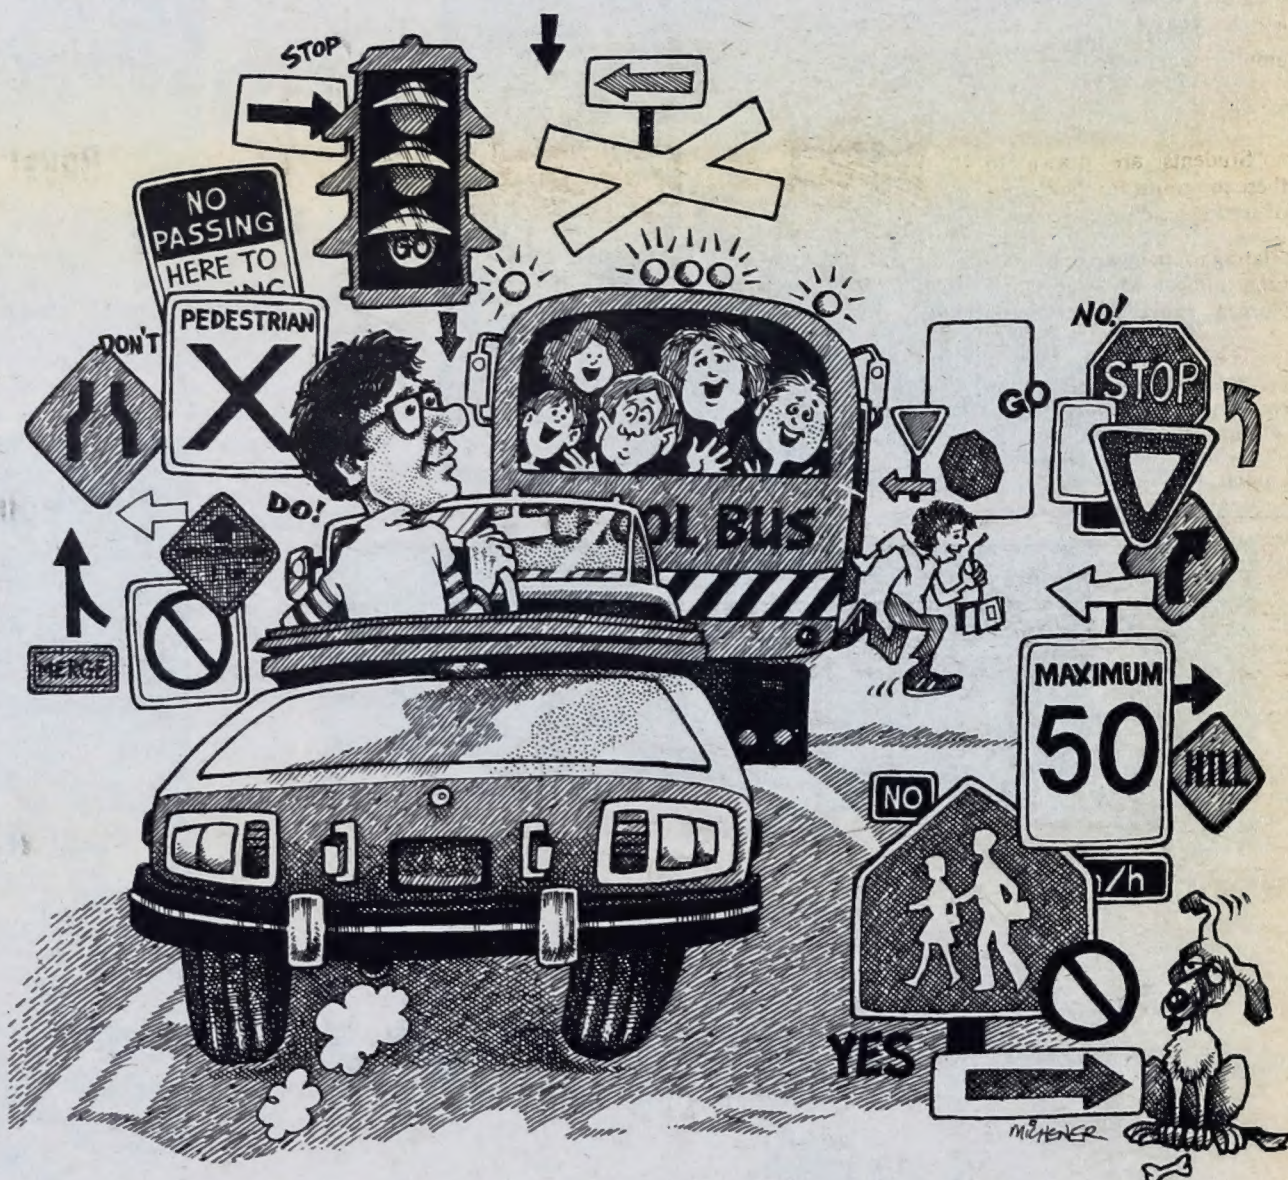

Two cars collided on a curve on the Buller Road in Lutterworth Township causing \$2600 in total damage.

Sean O'Reilly, 21, of Keswick was driving a 1981 Ford which sustained \$100 damage and Beverley Richards, 18, of Don Mills incurred \$1400 damage to her 1978 Ford.

Richards received minor injuries in the accident which happened late Saturday afternoon.

Constable Wim Magee investigated.

INTRODUCING A NEW SYSTEM FOR NEW DRIVERS. A SAFER WAY TO START.

Ontario introduced the Probationary Driver Licensing System June 1st, 1981, as a new highway safety measure. It's designed to help reduce the high percentage of traffic violations and accidents by new drivers.

Statistics show that in Ontario, new drivers, regardless of age, have accidents and break the traffic laws far more

than experienced drivers.

The Probationary System is designed to make these drivers more aware of the traffic laws for everyone's safety. So, new drivers who ignore the laws, or drive carelessly during the two-year probationary period, will have their driver's licence suspended for 30 days when six demerit points have been accumulated.

A clean driving record is something to be proud of... but it's up to you.

Township approves extra levy for BIA

Anson, Hindon and Minden council has passed a motion to levy a special tax on local businesses to help pay for a BIA commissioned study on downtown Minden.

Gord Monk, chairman of the BIA committee, spoke to council on the matter at the June 10 meeting.

He said a group of professional architects has been contacted to do the work and they would spend several days looking at, among other things, traffic flows in and out of town, the design of buildings and parking facilities.

The program is sponsored by the professional architects of Canada and is carried out at no charge, other than the costs incurred. An experienced architect and two students will study the core area of the

community to determine what improvements can be made. Following the on-site study, the group prepares a report and their recommendations which will then be presented to the BIA.

"A good professional job is needed before we proceed any further," said Monk. "I feel the CAUSE study is very

worthwhile, we're all going to benefit from the results."

(CAUSE stands for "Community Assistance for Urban Study Effort.")

He estimated the cost at about \$3,000, \$2,000 for the actual study and \$1,000 for expenses for the architects, including travel and accommodation. He said the project may not cost that much, but he added, "It's better to have more in the till than be caught short."

Monk said his committee had discussed two suggestions for paying for the study. One

was the special tax and the other would involve borrowing the money from the township.

He said he favored the tax because that way people will be directly involved. They will be interested in the study, its purpose and they will want to know if their money is being spent wisely.

By borrowing the money from another source, local people would not feel as personally involved, he added.

Besides, said Monk, the cost to each individual business would be approximately \$70 for the study.

"We're not asking for a subsidy," said Monk. "But this is the most economical way, the study is really needed to give us good advice."

Councillor Ed Pergolas added that the cost to each merchant should be an equal amount.

Monk said he wanted the committee and council to work together on the matter. "Later, we won't be going off half-cocked and there won't be any duplicating of information."

Monk told council that CAUSE has worked in numerous other centres such as Collingwood, Windsor and other larger towns.

"These people have done a good job for those places and we hope they can do the same here," he said.

Monk said he hoped the study would be completed by the end of the summer so that some work can begin in the fall.

Students assist MOE with summer project

Restoring damaged lakes, surveying cottages, and sampling liquid industrial wastes are only a few of the activities that 104 students in Central Ontario will undertake as part of Environment Ontario's Experience '81 program.

This summer, 250 students will be working, for an average of 11 weeks, on 83 projects throughout the province. Ontario's Youth

Secretariat organizes the program, which is now in its ninth year, to provide employment for students with appropriate skills and education.

"Students are drawn to these programs for the chance of getting practical experience

relating to their career plans", Environment Minister, K.C. Norton, explained. "For us,

it's an opportunity to put extra manpower into areas that require extensive research, or to get some preliminary data on a new area before starting a more

In a project organized by York University's biology department, four students will be assisting in a study of Lake

St. George, which is located north of Richmond Hill. In order to investigate various means of restoring small Ontario lakes, they will be assembling data, trapping fish, and collecting zooplankton.

Students in Toronto will be assisting at the Ministry's laboratory services branch where they will be preparing samples of liquid industrial

wastes. The samples will then be tested on an emissions spectrograph which is used to identify the industrial source of each sample.

In Muskoka and Haliburton Counties, another seven students will be surveying cottage sewage systems and preparing reports on those systems which are found to be malfunctioning.

Contractor's study finds library is a sound structure

Allegations that decay could occur in the logs used for the Minden Library and Cultural Centre have been refuted by an engineer's report commissioned by its builder, Ron Wrightman, owner of 1867 Confederation Log Homes.

The president of the engineering company, Peter Bird, accompanied by Wrightman, met with Anson, Hindon and Minden council last week to discuss the

findings.

The report was carried out after the engineers hired by the township had done a similar study investigating the long-term durability of the building. One of its conclusions was that leakage problems could cause decay if they were not rectified.

One of the things Bird's report said was, "wood does not decay simply because it is wet, but because it has been attacked by fungi under

accumulating in wood portions of the finished structure, rotting will be eliminated, since dampness is one of the five conditions for fungal growth and should be the easiest to control."

Bird said the conditions that could cause the dampness "will not occur".

Each of the five conditions was discussed separately in the report and evidence was used to show how each could cause decay but that in the Minden structure, it would not.

At the end of the report, Bird concluded, "We offer the additional evidence of the existence of countless very similar log homes. We are personally aware of several of these homes, electrically heated and lived in year round, none of which show any indication of decay after ten years."

Wrightman added, "I hope from this report council is satisfied that they have a structure of the highest quality."

After the presentation, council members commented that they were unsure which

report they thought to be more accurate, the township's or the one by Bird Engineering.

Lock open

The Trent Severn Waterways has reopened Lock 14 at Crowe Bay at Campbellford.

Repairs to the lockgate sill have been completed and water levels have been restored to normal levels.

For any further information concerning closings or water levels, contact Trent-Severn Waterways at (705) 742-9267 or at the southern area office at: (705) 653-4340.

special conditions."

It went on to identify five conditions under which fungus would grow, infection, a source of food, moisture, oxygen and suitable temperature. If any one of these is removed, decay can be prevented, said the report.

Much of the report dealt with scientific data and calculations and council listened patiently while Bird attempted to explain it all in laymen's terms.

In order to remove the possibility of decay, the report said, "if dry materials are used in building, moisture can be prevented from reaching or

West Guilford, Stanhope top ladies baseball league

The two games that were scheduled for Monday (June 8) night in the Haliburton County Ladies Softball League were rained out. These games will be made up in the next two weeks.

On Tuesday night (June 9) the weather was perfect, so the Minden Juniors travelled to Stanhope. This game was exciting with Stanhope coming out on top 14-5. Kelly Harrison led the way for Stanhope. Marg Darby got the win while Cheryl Dillon took the loss.

The Dixie Lee - Homestead team played host to the Wilberforce Ladies also on Tuesday night. Wilberforce had a 3-2 lead at the end of the second. But in the bottom of the third Minden got 8 runs, helped by Helen Burk's grand slam home run. Wilberforce then got five runs in the fourth to move closer to the hosts. Minden went on to win 25-11.

Lorraine Carpenter and Nelda Cully had a good night at the plate for Minden. Andrea Burk picked up the win while Chris Storey took the loss.

On Wednesday night Haliburton had their hands full with the Gooderham team. These two teams took turns leading at the end of the innings, with Haliburton finally holding on to win 25-21. Wanda Scott and Kim Roberts helped to get the win at the plate. Nancy Maughn picked up the two wins.

Stanhope travelled to Wil-

berforce Wednesday night. Kathy Darby had her first win on the mound for Stanhope. Marg Darby, Kathy Darby and Joan Algar had hot bats for Stanhope. Final score 35-17.

Dixie Lee - Homestead and West Guilford, 1980 play-off finalists, took to the field against one another for the first time this season. After the second inning, West Guilford had a 8-0 lead. It looked like it would be a run away for Guilford. But Minden came up with seven runs in the top of the third. West Guilford scored two runs in the bottom of the sixth and Minden could only get

one in the top of the seventh. Final score 10-8 for West Guilford. Winning pitcher Joan MacKay while Nelda Cully took the loss.

Up and coming games:
Wed., June 17: Dixie Lee-Homestead at Wilberforce.
Thurs., June 18: West Guilford at Minden against Dixie Lee-Homestead.
Thurs., June 18: Minden Jrs. at Haliburton.
Thurs., June 18: Wilberforce at Gooderham.
Mon., June 22: West Guilford at Carnarvon.
Mon., June 22: Gooderham at Haliburton.
Mon., June 22: Wilber-

Hustlers hold second spot

The Minden Rockcliffe Hustlers have 4-2 record several weeks into the Tri-County Soft Ball League play. The team, under the coaching of Neil Burk, includes a number of familiar faces as

well as new talent to round out the roster. Home games are played Wednesday evenings at the Minden diamond.

During the weekend the team defeated Lindsay 14-9 in a game played in Lindsay. Jack Snell was the winning pitcher. Wade Stamp helped the Hustlers along with a home run.

June 10, at the Minden diamond, the Hustlers defeated Grand Hotel of Lindsay 2-1.

The local team took the lead early in the game with one run in the second inning. The visitors tied the score in the fourth.

From this point on it was a pitchers' duel. However, Gene Newell broke the showdown

with a home run that put the game on ice for the Hustlers. Jack Snell claimed the win for the Minden team.

The following is the schedule for the remaining Minden games:

June 17: Lindsay Juniors at Minden.
June 24: Omemece at Minden.
June 29: Minden at Bobcaygeon.
July 1 - Downeyville at Minden.
July 5 - Minden at Lindsay Juv.
July 7 - Minden at Lindsay Jun.

July 8 - Lindsay Juv. at Minden.
July 12 - Minden at Grand Hotel.
July 15 - Lindsay Jrs. at Minden.
July 22 - York Hotel at Minden.
July 29 - Bobcaygeon at Minden.
All Hustler games start at 8:00 p.m.

force at Minden Jrs.

Tues., June 23: Carnarvon at Minden Dixie Lee-Homestead.

Tues., June 23: Minden Jrs. at West Guilford.

All these teams need your support both financially and vocally. Get out to the diamonds these nights at 7:00 p.m. and cheer the teams on.

Beavers to Cubs

Five members of the Minden Beavers graduated to Cub status Wednesday evening. Among those joining the Cub Pack next year will be Hunter Obee, Robbie Ackerblade, Jason Todd, Jamie Dollo and Michael Klockhoff.

Sign by-law clarified

Signs with identical writing on both sides will be permitted in a rural zone in Anson, Hindon and Minden townships.

At the June 10 meeting of council, the interpretation of the wording of a recently enacted by-law was clarified. There had previously been some confusion about its meaning.

The confusion arose when some people took the by-law to mean that one could advertise two different businesses on one sign, one message on either side.

Councillor Lyle McKnight questioned having advertising on one side since, "only people going one way would be able to see what is on the sign."

He said it would make sense to allow a business to advertise on both sides to catch people driving in both directions.

Minden students entertain at annual music night

Proud parents and friends enjoyed an evening of music and comedy at the annual music night held last Thursday at Archie Stouffer School.

The packed auditorium was treated to a variety of instrumental and vocal arrangements by students in grades 6, 7 and 8.

Highlights included a flute duet with Jan Perry and Lisa Raby, a piano duet featuring Lorie Valentine and Glenda Newell and a number by a brass quartet.

A delightful play, entitled "The Truehart Boarding House Prospers Anew", put on by the school's drama club was enthusiastically performed and the audience loved every minute of the production.

The photos on this page record some of the excitement.

Bankruptcies are up again

By W. Roger Worth

The sad news is that there were 587 Canadian business bankruptcies in April, up 16.5% from 504 the previous year.

That may not sound overwhelming, but the number would be at least doubled if you added the businesses that were placed in receivership and the entrepreneurs who simply locked the door, payed off the bills, and closed up shop.

Roger Worth is Director, Public Affairs, Canadian Federation of Independent Business.

In fact, there will probably be more than 16,000 business failures in Canada this year, which will be a record few people want to talk about. And the heartbreak related to each of the failures is something few people will know

about, mainly because those involved generally don't advertise their problems.

One of the many reasons for the rising number of business failures is the high cost of money. With interest rates of 21% - 22% or more, even the smallest of enterprises is having a hard time staying in the game.

Ottawa and the Bank of Canada tell the families that operate these failing enterprises that all Canadians have to bite the bullet, accepting high interest rates in order to defeat inflation, now running at 12% - 13%.

Meanwhile, the governments are coming to the aid of big firms such as Chrysler and Massey-Ferguson, tossing in hundreds of millions of taxpayers dollars without blinking an eye.

Somehow, troubled smaller companies don't get the same attention.

The Times

This youngster had an excellent vantage point from which to watch the white water activities Saturday but he seemed more interested in what was going on in the crowd.

Reunion call

The Town of Kapuskasing is sixty years old this year. We are celebrating this birthday with a party during RENDEZ-VOUS WEEK from June 28th to July 25th.

This week will be full of fun for everyone. It starts with a

Marathon Run for the athletic types. Official opening ceremonies are at 2:30 p.m. on Sunday June 28th. Immaculate Conception parish will hold a special Mass on June 28th to commemorate its 60th anniversary.

For more information and the calendar of events please contact P.O. Box 321, Kapuskasing, Ontario. We want all former residents to make a visit to "Kap." this year. Hope we see you there!

Dump shooting banned

A by-law was passed at Anson, Hindon and Minden council which prohibits the use of firearms in the area of various municipal dumps, landfill sites and any other property owned by the township.

The matter was discussed at the June 10 meeting.

It means that the use of firearms is prohibited half a kilometre from dumps, landfill sites and the town of Minden including roadways which are owned by the township.

"Presumably, one of the main ideas is to stop people from shooting the bears in the dumps," said township clerk, Elinor Burke.

It's coming - the

Acid rain seminar planned for July 3

Once again this summer, residents and cottagers in the Haliburton Highlands will have an opportunity to learn first-hand what is being done to protect area lakes from acid rain. A special meeting has been scheduled for July 3, a Friday, at the Legion Hall in Haliburton.

The gathering is being sponsored by the Ontario Ministry of Environment. In addition to information on studies being carried out, ministry personnel will also discuss the efforts to date in convincing the United States

authorities of the need to limit acidic emissions.

The following day a similar open house will be held in Dorset. At this gathering, cottagers are invited to bring along a sample of the water from their lake. MOE officials will analyse the water on the spot and discuss with the property owner the implications of the analysis.

The briefing at the Legion Hall in Haliburton is scheduled to begin at 8 p.m. while the Dorset open house will take place from 10 a.m. to 5 p.m.

Weevils active again

- Agricultural report -

Alfalfa weevil are active in hay fields across Ontario again. It is possible that weevil damage could be worse than usual this year.

Reports to date vary from one hay field to another in Victoria County. Some fields have a heavy weevil infestation and need to be cut immediately to prevent the excessive loss of leaves. Other fields have few weevil evident so far.

The larva of the alfalfa weevil is very small but has a tremendous appetite for alfalfa leaves. A heavy infestation in an area of a hay field can strip the plants of leaves in a very few days.

While it is possible to spray with an insecticide to control these weevil, the cheaper and easier method of control, is to cut the hay field before excessive damage occurs.

Farmers growing alfalfa should be checking their fields about twice each week, to be sure the weevil are not causing serious losses.

The alfalfa blotch leafminer is also causing considerable damage. The larva of this insect eats the middle layers of cells in a leaf, with the outer layers then turning white, causing the "blotched"

appearance.

Again early cutting of affected fields is the best means of control for this pest.

Farm labour pool

The East Central Canada Farm Labour Pool now has their Cannington field office in operation. Anne Marie McMorow has been hired to operate this office and is available to help farmers with their farm labour requirements.

This field office, has been set up primarily to provide a closer point of service to farmers requiring workers for short term jobs such as haying, fencing, barn or machinery work or any miscellaneous farm jobs. The Cannington location was chosen as it is central to a heavy concentration of farms in the northern part of Ontario County and to Victoria County.

The farm labour pool is closely associated with the farm community through the Local Agricultural Manpower Board which has representatives on it from local milk, beef, and pork producers associations. Last year the East Central Pool placed over 1500 workers on

area farms. The pool has also assisted in providing farm services such as hoof trimming and cattle clipping. A number of farm workers have been introduced to farming through training programs co-ordinated by the Farm Labour Pool. Assistance is also provided with payroll paperwork and the various related forms. Help

with any matter related to farm labour is available by simply calling the pool and enquiring.

Haying is one of the busiest times for farmers and is an ideal time to make use of the pool. Workers from most parts of the area have been recruited already by Anne Marie, and she has endeavoured to select persons willing and able to do general farm work.

The field office is located in Cannington at the Brock Municipal Building, 38 Laidlaw Street South. Hours are from 7:00 a.m. to 1:00 p.m. each day including Saturdays; the telephone number is 432-3101.

So if you need farm help this summer, call the Farm Labour Pool now.

SOUTH WATER ST., MINDEN
as of June 22 we'll be open daily
except Sundays

The week's activities started on Monday morning with fun and fitness. Everyone enjoyed exercising to music and a vigorous game of kick the ball. Later in the afternoon the ladies made their way to the craft room to work on their projects in preparation for the bazaar.

Ted Carr is working with wood and producing some lovely planters. We're very pleased to have the men taking part in crafts.

Tuesday morning, Mr. Bob McBrien and Mr. Lambshed of Minden Gospel Church held service in our chapel. We enjoyed the message and the music provided by Agnes Taylor and Barbara Trocewicz.

After lunch, several people gathered in the main lounge for a game of bingo. Millie Wood was one of the many lucky winners.

Wednesday evening, the Hyland Crest Auxiliary members were here for games night. The residents and helpers enjoyed games of euchre, cribbage and crokinole.

Thursday afternoon the ladies of Minden Horticultural Society

brought a delicious lunch for the weekly tea party. They served a lovely assortment of sandwiches and cookies. The residents always enjoy the good food and look forward to the tea party every week.

The week came to a close on Friday afternoon with Grace Coburn leading the sing-song. Norma Barron accompanied her on the organ.

On behalf of the residents, I would like to thank all our volunteer helpers who spend many hours working both at home and at Hyland Crest. These people bring us many hours of enjoyment as well as working hand in hand with our auxiliary to raise money to make our home more comfortable.

There are several special events planned for Senior Citizens week. The Over 70's Dinner will be held on Tuesday, June 23rd at 5:30 p.m. in our auditorium.

Everyone over seventy in the county is invited to attend. If you are planning to come to the dinner, please call Hyland Crest 286-2140 and leave your name.

The Cigarette

flies out the car's window onto the gravel at the side of the road.

A draft from the car following blows it further and further into the dry grass beyond the gravel.

Another car... more wind, a small flame, then...

FOREST FIRE

It's that simple...and so is this.

The ashtray.

We noted how much time and effort the members of the County Horticultural Group have put into the beauty of our village. With baskets hanging at various places and the flower beds in the river bank, surely you might take a minute to look at it all.

Evelyn Robertson was a lucky lady at Rotary Bingo last Tuesday when she won the second Snowball of \$66 in the 17 numbers called. Congratulations to her.

The White Water Kayak races and competition had a large crowd both days watching the daring runs through the rapids. Everything was well organized and went on as scheduled. It was a great sight - the competitors from all across Canada displaying their skill. After we were there awhile we found the parking lot, making it more convenient for everyone.

Guests for the past while with Marg and Gord McAfee have been Rose and Robert McAfee and Ruth and Harold McAfee, all from Florida.

Wedding bells were ringing on Saturday with congratulations going to Mr. and Mrs. Ken McKnight (nee Dorothy Carpenter).

Bradley Robinson of Toronto visited over the weekend with his parents Mr. and Mrs. Phil Robinson.

Several members of Minden United Church attended the reception for Rev. Verne Zufelt of Bethel, Omamee, in honour of the 50th anniversary of his ordination. Many people will remember Rev. Zufelt, who was minister in Minden some years ago.

Mr. and Mrs. Don Nye spent several days last week in Toronto.

It was reported that the Senior Citizens Group had a

very pleasant dinner at the Wagon Wheel on Tuesday.

Recently Helen and Lloyd Johnston were in Hamilton for a few days.

Mr. and Mrs. Paul Warburton and boys of Toronto visited over the weekend with the Joe Warburtons.

Father and Son
I love to watch a little boy... Out walking with his Dad... For that brings fond memories of...The priceless joys I had...The little fellow walks so tall...He's happy, Oh, so proud...He radiates a kind of love...That stands out in the crowd...it makes no difference where they stroll... In fair or stormy weather... The only thing that really counts...Is that they are together...And that's a page right out of life...When two hearts beat as one...That brand of rare affection that's...Reserved for "Dad & Son"...Fond memories are made this way...with blessings from above...So treasure every moment and...Be generous with your love.

Weekend guest with his mother, Mrs. Ern Hewitt, was Colin Hewitt of Toronto.

Over forty members of Kimbourn United Church, Toronto, worshipped with the congregation at Minden United Church last Sunday morning.

It's fine to say "Good Morning".
It's great to say "Hello".
But it's better still to clasp
The hand of a friend you know.

The Morgan Uptons of Downsview spent the weekend at their home in our village.

Sincere sympathy to the family and friends of the late

Millie LaBarge who died suddenly on Monday.

Mr. and Mrs. Glen Sears and family of Oshawa were weekend guests with his parents Mr. and Mrs. M. Sears.

Florence and Phil Robinson visited last Thursday with the Les Prentices in Lindsay.

The Martha Group had a delicious dinner last Thursday night at the United Church Hall and after this they played games to complete the spring season.

Sometimes, 'twixt tea and sundown bright,
My little lad and I
Walk hand in hand in pastures green
Beneath a summer sky.
We walk and talk; and I, his Dad,
Just sheer enchantment find;
I marvel at his fresh, young thoughts
Pour from his lovely mind.
It seems to me the grass is sweet
For little, loving, happy feet!

Don't forget July 4th at 10:30 is the date of Kirkwood Auction Sale at their home on Hunter St. in McKayville; watch in The Times for ads about articles.

Rummage sale yet this Friday and next at St. Paul's Parish Hall upstairs at 1:30.

Mrs. McKenzie has been visiting with the Cliff Duffy family.

Also at last it is Father's Day, so don't forget yours. Lots of traffic on weekends so take care. Cheerio until next time.

Lines from Lutterworth
by Jean Lacey

Hi! Such a muggy weekend, but at least we had some sun on Saturday which was lovely. The highway sure was busy with almost as much traffic coming in as going out on Sunday.

The Learnes were up to their cottage last weekend.

Betty and Steve Fox visited their folks in Oshawa.

Pleased to hear that Mr. Nelson Leary is out of hospital.

Tom and Viv Miles were up to their cottage this weekend.

Hear the beef bar-b-que went quite well with thanks to Marg Miller and her crew and Loretta Nesbitt and her crew serving up the goodies.

Ken, Jeanne and Heather Bowron had a very nice time at the McKnight and Carpenter wedding Saturday evening in Allsaw.

So pleased to hear that Mrs. Jim Bacon is out of hospital after her operation for a detached retina.

Mr. and Mrs. Roy Stenhouse were up visiting with the Wrights last weekend.

The boys went fishing up to the East River for the weekend. Almost another hohum trip. They weren't skunked and I was lucky again, I didn't have any fish to clean.

The Lacey's, Cliff, Cheryl and son Derek from Shelburne were up with their friends, Steve and Lianne Wilde, from Orangeville, camping for the weekend.

Hint of the Week
To keep lettuce from rusting so quickly, knock out the core, do not cut with a knife, place in a brown paper bag and keep in the refrigerator. It might wilt easily but can be brought back to crispness by setting in ice cold water before serving.

Gary and Sandy Wilson with their children, Scott and Lindsay, were up visiting Anne and Frank Dunsford for the weekend.

Middle age is that time of life when after one night out you need two nights in.

Kids Korner
Well kids, won't be too long now till school is out and you can enjoy your summer holidays.

Full of Whistles
by Aileen Fisher
My dog and I go walking and neither of us lags. We hurry down the gully and over rocks and crags. We climb above the valley with twisty zigs and zags, and I am full of whistles and he is full of wags.

What do you call a horrible biscuit?

A crummy cookie

What is purple and lives in the sea and weighs 5000 pounds?

Moby Plum

What is purple and stomps out forest fires?

Smokey the Grape

What is Smokey the Grape's middle name?

"the"

What has 4788 seeds and moves by itself?

A remote-controlled fig

What is wrinkled and goes slam slam slam?
A four door prune
Why do elephants paint their toe nails purple?
So they can hide in grape vines

Does it really work?
Have you ever seen an elephant in a grape vine?

Bye for now. Take it easy. God bless till next time.

A MESSAGE TO PARENTS regarding Fluoride Supplements

Fluoridation of the water supply reduces tooth decay by 66%.

However, in our Health Unit, no municipal water supplies are fluoridated.

If children up to 14 years of age take daily fluoride supplements (tablets or drops), benefits equivalent to fluoridation can still be obtained.

(These benefits are in addition to those received from fluoride toothpastes, treatments and mouth-rinsing programs.)

To ensure your child is receiving the correct dosage, contact your physician, dentist, or Health Unit Dental Services for a prescription for fluoride supplements.

Families with private wells should first obtain a free water test kit (for fluoride) from your local Health Unit office. Many wells in our area contain adequate natural fluoride.

For further information contact:

Haliburton, Kawartha, Pine Ridge District Health Unit
Mountain St.
Haliburton, Ont.

CARD OF THANKS

HALL - The family of the late Alex Hall would like to take this opportunity to thank Dr. Ginsburg, nurses and staff of Toronto Western Hospital, Dr. Holliday-Rhodes, nurses and staff of Minden Red Cross Hospital, also friends, neighbours and relatives for donations, cards, food and floral tributes. A special thanks to Gordon A. Monk Funeral Home for his efficient service and Father Elliott for his comforting words. Your kindness will never be forgotten.

Minnie Hall

IN MEMORIAM

Harrison - In loving memory of my dear husband, Dave, who passed away June 17, 1980.

My lips cannot tell how I miss him
My heart cannot tell what to say
God alone knows how I miss him
In a home that is lonesome every day.

Sadly missed by his wife, Laura.

Harrison - In loving memory of a dear father, Dave, who passed on June 17, 1980.

We often think of days gone by
When we were all together
A shadow o'er our lives has cast
Our loved ones gone forever.

Our loved one's gone forever.

Inserted by son Harold

In loving memory of a dear wee friend and neighbour Michael Procenko, taken from us June 23, 1978.

— As we loved him —
— So we miss him —

The Beers family

IN MEMORIAM

PROCENKO - in loving memory of our dear son and brother Michael.

Three years ago we had to part

With one we love with all our heart

The wound is deep - it will not heal

Only those who lost know how we feel

Please God forgive a silent tear

Our only wish that he was here

Others are taken, yes, we know

But he was ours and we miss him so.
